

Dear friend,

Please save the date for the **Yale Liver Diamond Jubilee**, to be held on **February 25, 2022** from **8:30 am to 5:15 pm ET**. This event will be in a hybrid format (both in-person and virtually).*

PLEASE SAVE THE DATE

Yale Liver Diamond Jubilee

Celebrating 75 Years of Academic Hepatology at Yale
A Discussion about the Future of Hepatology

February 25, 2022 • 8:30 am - 5:15 pm ET

RSVP by February 11th

**subject to change to fully virtual*

This event, organized by the Yale Liver Center, will celebrate 75 years of academic hepatology at Yale! During these 75 years, Hepatology became a complex scientific discipline with multiple ramifications in all fields of biomedicine. These efforts have

resulted in improved treatments and outcomes for patients affected by liver disease. Hepatology is now a high intensity discipline practiced by physicians with diverse backgrounds and skills.

From a platform built on “Yale Liver” accomplishments, we will look at the path ahead and the scientific and clinical questions that will keep the hepatology community occupied for years to come. Please see below for the full agenda.

This event is free and open to the public, but registration is required. Kindly RSVP Yes or No by February 11, 2022 at event.me/M7RroL.

For more information on the event, please contact Christine Abu-Hanna at christine.abu-hanna@yale.edu. For questions on registration, please contact conferencesandevents@yale.edu.

Looking forward to having you there.

Sincerely,
Michael H. Nathanson, MD, PhD
Mario Strazzabosco, MD, PhD

YALE LIVER DIAMOND JUBILEE

Celebrating 75 Years of Academic Hepatology at Yale

Friday, February 25, 2022 | TAC Auditorium | New Haven, CT
