Call for abstracts for project proposals to the IPSCSG meeting in Stockholm 9th and 10th of September, 2024

International PSC Study Group (IPSCSG), in collaboration with Karolinska Institutet and Karolinska University Hospital Huddinge, Stockholm Sweden, arranges the IPSCSG meeting with the aim to increase interactions between researchers in the PSC field to move the field forward.

The format of the 2024 meeting needs your contribution! We call for abstracts on project proposals. You can present new ideas, small pilot studies where you would like the groups validation, and ongoing studies.

Abstract submission deadline is May 15th, 2024

Abstract selections are peer reviewed by the local organisers and the steering committee of IPSCSG and acceptance is based on the quality of scientific content. Some abstracts will be selected for a short oral presentation as part of the scientific program. Please, do not submit already published results unless you want to expand your study. Invited speakers do not need to send abstracts covering their topic.

One project will be selected to receive the IPSCSG PSC reward!

Please use the template for your abstract (can be downloaded from the homepage ipscsg.org) and send it as a pdf-file to annika.roback@regionstockholm.se. Write "Proposal for IPSCSG meeting" in the subject line

Welcome to submit your research proposal!
